

2011 Sponsorship Fundraising Program

FH2 is giving 2011 team members an opportunity to:

- Reduce their club fees
- Help the club grow and offer more programs in the future

Nobody loves fundraising. That's why we're making it help you just as much as the club. If each player gets \$300 in donations, the club's budget for the season will be covered, and there will be no club fee for those players who reach the \$300 mark!

Here's what to do:

- Ask for donations from friends, family members, local community groups or businesses.
- **50%** of whatever you raise will be deducted from your 2011 club fee as a "commission."
- Anyone raising more than \$300 individually will not only have her club fee waived, but will receive special recognition from the club.

To help you out, we've created some handouts to give to potential donors. Feel free to make copies as needed.

There's no deadline for collecting donations, but to have names or logos included in game programs, businesses must sign up by September 3rd.

Thanks in advance for your help! By working together on this project, you're not only helping to keep costs down for yourself, but also providing a path to future success for Forest Hills Field Hockey!
